

# Movie ERD

\* Customers can purchase one or many tickets for themselves or others, but at least one ticket is mandatory.

\* Individually a customer can use one and only one ticket..

\* A ticket provides access to one and only one movie no matter what type of ticket.

\* The movie can be in theaters and ultimately no one buy a ticket, but it still exists. So a movie can provide zero to many tickets sales depending on how popular it is.

\* Customers can make multiple concessions one to many different items.orders.

\* To have an order there must be a purchase of at least one or several items.
